Electromagnet Used for Lifting Coiled Wire Stock(Coiled Bar)

Applications:

The special magnetic pole is suitable for coiled bar with different diameter. The choice of electromagnet depends on the length of coiled bar. If the electromagnet is long enough, it can lift several coils of coiled bar in direction of the length at a time.

overall dimension (mm)							Mass(kg)	current (A)	power (kw)
Model	A	B	C	D	E	F
