

RCYA series pipe permanent-magnet separator

RCYA series pipe permanent-magnet separator including non-magnetic pipe permanent-magnet, is specially suitable for discharging iron from non-magnetic materials in the airproof pipe. And its inner part is made of high-magnetic material and rare earth. The product series is mainly used in cement industry, chemical industry, coal industry, plastic industry, fireproof material, material industry and so on.

Main technical data

| Model | m ³ /h Handling Capacity | pipe LxWxH (mm) | permanent—magnet L x W x H (mm) | pipe contact W x H (mm) | Mass (kg) |
|-----------|-------------------------------------|-------------------|---------------------------------|-------------------------|-----------|
| RCYA1-15 | 15 | 800 × 450 × 140 | 500 × 300 × 200 | 580 × 200 | 210 |
| ACYA1-30 | 30 | 900 × 550 × 170 | 600 × 400 × 240 | 680 × 230 | 260 |
| RCYA1- 50 | 50 | 1000 × 650 × 190 | 700 × 500 × 240 | 800 × 280 | 420 |
| RCYA1-80 | 80 | 1100 × 750 × 200 | 800 × 600 × 260 | 900 × 300 | 825 |
| RCYA1-100 | 100 | 1200 × 850 × 220 | 1000 × 700 × 300 | 1000 × 320 | 1050 |
| RCYA1-150 | 120 | 1300 × 1000 × 240 | 1150 × 650 × 320 | 1100 × 350 | 1280 |
| RCYA1-200 | 200 | 1400 × 1200 × 280 | 1350 × 800 × 340 | 1300 × 380 | 1650 |
| RCYA1-300 | 300 | 1600 × 1400 × 310 | 1550 × 1200 × 380 | 1200 × 400 | 2400 |
